Your assigned responsibilities ... choose one

You can create quick links to your common Oracle forms and any url (webpage) ... more to come in training
Slide notes: The actions available to the selected responsibility are listed to the right. The bold headings correspond to the menu responsibility actions available in 11i.

Notes
Slide notes: The icons give an indication on the type of oracle form: the page icon opens web forms and the spreadsheet icon opens standard Oracle forms.
Going Back to 'Oracle Application Home Page'

Slide notes: To view an example of a web form click ‘Notification Summary’
Slide notes: Many Oracle web forms will have a ‘Home’ link to return to the Oracle Application Home Page. In some cases the web form has a ‘Close Page’ link to close the page and the Oracle Application Home Page is minimized.
